

Dear table hockey friends,

The World Table Hockey Championships in Liberec is on in less than 8 months and we are doing all we can to make sure you are going to enjoy it as much as possible!

It is a great pleasure for us to invite all of you to an unforgettable sporting event in the Czech Republic, the country which gave the table hockey world many great players and organizers, initiated the birth of the ITHF and, not to forget, introduced several innovations to the game (including a plastic puck catcher called „suplak“ which is used in many table hockey countries worldwide).

In order to help us prepare a preliminary schedule, please take a few moments and fill in the following online form to give us an estimate of the categories your players are likely to participate in. Any information you can provide is greatly appreciated. If you are a contact person for your national federation, please fill in the form by October 28th at the latest:

<https://goo.gl/forms/X7MQOmooFNwPMmdp2>

Also, we wanted to let you know that the 2017 event will be a special one – for the first time ever, there is going to be an unofficial category for players with physical disability. Again, using the form above, please do not forget to tell us the approximate number of players who would consider taking part in this category. Any holder of a disability certificate issued in their home country is eligible, provided that the disability directly affects and impairs their game performance. The entry to this category will be approved by the organizing committee.

Finally, we are happy to announce that the website of the World Championships is going to be launched by the beginning of November and it will contain all the information you might need at this point (especially about the venue and accommodation).

We look forward to meeting you not only at WTHT tournaments this season but especially in Liberec, Czech Republic, on 16th – 18th June.

All the best,

World Championships Organizers Team
