

III ITHF Table Hockey European Championship

# SKALICA 2006

# info

2005/2006 season is already opened and coming to its top - [European championship 2006](#) in Skalica, Slovakia.

The idea to organize the EURO 2006 in Slovakia was not supported in some European countries and became a hot topic soon after establishment the ITHF. The Slovak initiative divided Europe into two parts.

We would like EURO 2006 to be seen as a contribution to the development of table hockey and not a temper of Slovak Table Hockey Association.

We are trying our best by organisation EURO 2006 and guarantee high standard of organization and smooth running. We believe that only the best will fight for the European champion title.
